Discover a new level of quality in the vaping world with our Ultra Mesh Cartridges that combine functionality and durability. Designed with your comfort in mind, our cartridges are:

Reusable – designed with coil longevity in mind. Our R&D efforts were focused on ensuring best flavour and coil stability over time of use. The use of Double Gold plated connectors ensure unrivaled coil stability over extended periods of use.

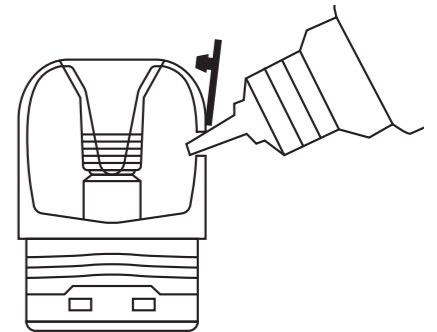

Leak-proof – our engineering team made sure to adapt the coil to different environments and outside conditions, to prevent any leaking.

High End R&D – DiMi Coil has been designed and thoroughly tested in Hussar, European R&D facilities. Our goal was to achieve supremacy in each of the most important categories for Pods: Longevity, Flavour production, Quality Of used materials.

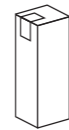

Experience the difference yourself and choose cartridges that meet your expectations. Your comfort, your choice!
